

GALAVANTA  
COLOMBIA TAILORED TRAVEL

# GALAVANTA

Galavanta is a Destination Management Company specialized in private travel in Colombia. With an office in Cartagena, and operations in Colombia's top destinations, our team is able to truly personalize each client's trip, with 'ungoogleable' experiences that go beyond the ordinary.

## OUR SERVICES

- Nation-wide operations
- Preferential access to Virtuoso hotels and top boutique hotels
- Private villas with chefs and English-speaking staff
- Private aviation services
- Helicopter expeditions
- Restaurant curation
- Full-time Logistics Coordinators
- 24/7 Concierge services and emergency line

## 'UNGOOGLEABLE' EXPERIENCES

Forget the "city tour" and discover this vast and captivating country away from the touristy sights and crowds. Experiences can range from an epic visit to a market alongside a chef, to a private dinner in a theatre with Cartagena's philharmonic orchestra. For creativity budget is a factor, but never an issue.

A red and black helicopter is parked on a sandy beach. In the background, there is a turquoise body of water with three people swimming. Further back, there are green, hilly mountains under a blue sky with scattered clouds. A wicker basket with gear is on the sand near the helicopter's landing gear.

# BEYOND THE ORDINARY

Our private aviation services, helicopter expeditions, and yachting journeys, allow our guests to discover the most remote and unimaginable places in Colombia, without sacrificing comfort and style. Ancient ruins, indigenous tribes, secluded bays, stunning canyons and far-flung waterfalls. Who said you can't have a gin and tonic in the middle of the Colombian jungle?

A man in a white shirt is seen from behind, walking through a bustling market. He is holding a large wicker basket filled with green leafy vegetables. The market is filled with various fresh produce, including potatoes, onions, and green beans in the foreground, and crates of oranges and other fruits on the right. In the background, there are more market stalls with signs, including one that says 'AGRAS'. The market has a high, arched ceiling with a grid of metal beams and translucent panels. The overall atmosphere is vibrant and busy.

# THE EXPERTS

Tap into our network of in-house experts and partners who provide deep, authentic and remarkable experiences. Historians, anthropologists, art curators, chefs, biologists, artists, and ordinary people doing extraordinary things!

# INVESTING IN TRAVEL R&D

Our biggest priority is empowering our team to go galavanting, sending them on scouting trips in search of fresh ideas, new properties, fascinating people, and finding ways to see the classics in a unique and 'non-touristy' way. For example, rather than visiting the crowded Cocora Valley, enjoy a picnic in a private hacienda with a view of the valley.

# ABSOLUTE CUSTOMIZATION

We design each trip from a blank canvas, including details such as handwritten welcome cards, personalized gifts, custom destination maps, and a carefully curated restaurant selection. Each client's journey is treated as a unique project - no repeats, no copy-paste.

# THE INSIDER ACCESS

Get insider access into Colombia's gastronomy, art & design scene. From exclusive sessions with renowned designers, collectors, curators, and chefs, to spending time with captivating foodies and fashion enthusiasts.

# PRIVATE PROPERTIES

Preferential access to Galavanta Collection properties (see next section), in addition to the top private villas in Cartagena, Tayrona, Barú, and Colombia's countryside. All villas are staffed with a chef, English-speaking host, and housekeeping, with extra services such as butlers, nannies, personal trainers, yoga instructors or massage therapists. We oversee the pre-inspections, preparation, and staffing to ensure each guest's stay is perfect!

# THE FOODIES

We love food, and we love sharing our passion with travellers! For all our guests, we do a complete restaurant curation based on their preferences, from local street food and trendy hot-spots to fine-dinning and private dinners with top chefs. We're constantly updating our restaurant reviews to ensure all recommendations are on-point!

# LOGISTICS COORDINATION

Our hands-on approach and multiple-reconfirmation process with partners and providers ensure punctuality and seamless logistics. Our team is constantly in touch with both guests and partner agents, and ensure we respond to requests, changes or emergencies quickly and effectively.

# CONSCIOUS TRAVEL

Implementing sustainable practices in our operations, minimizing the use of plastic with reusable water bottles, and designing travel experiences that support and fund wildlife conservation and community projects. Travellers also have the option to offset their carbon footprint with our carbon balancing reforestation projects.

# COROCORA CAMP

An aerial photograph of Corocora Camp during sunset. The camp is situated on a grassy hillside, featuring several small, light-colored buildings with dark roofs. A winding river or stream flows through the landscape, reflecting the vibrant orange and yellow light of the setting sun. The sky is filled with dramatic, dark clouds, and the overall scene is bathed in the warm, golden light of dusk. The text "COROCORA CAMP" is overlaid in a white, sans-serif font across the center of the image.

# LOS LLANOS
